Il modello virtuale, realizzato da Altair 4 Multimedia sulla base dei dati di scavo e con la collaborazione degli archeologi, è pensato per restituire una immagine il più completa possibile delle strutture architettoniche dell'antico complesso, anche laddove i dati presentano lacune.

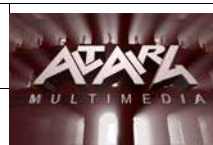

VIII Festival of the Archaeological Film in Agrigento Città di Agrigento Prize 2011 to the documentary “NERO AND THE DOMUS AUREA”

“Efficace sintesi storica, ricca di rimandi puntuali alle fonti, letterarie ed iconografiche, restituisce un quadro filologicamente rigoroso dell’età neroniana di cui si offre una nuova e intrigante lettura. Grazie al taglio didattico e divulgativo della sceneggiatura rivolta al vasto pubblico, all’esposizione garbata e semplice, sempre corretta e mai imprecisa, alle ricostruzioni virtuali e alle spettacolari soluzioni scenografiche, proposte attraverso un agile montaggio, il film percorre in modo avvincente la parabola del Divo Nerone ed il grande piano urbanistico che rivoluzionò Roma”.
